Juneö is a super cute filly out of one of our best broodmares. We also have a full brother and a half sister out of this mare. All of her older siblings are very athletic, shapey and really watch a cow. She should be an outstanding work horse and will be a potential broodmare as well.

Gato is also a fast learner who yields nicely to pressure. Nothing really gets him excited and he is very receptive to new things. Even though he has a low key personality he is very athletic and willing to work. He would make a nice heal horse and will be great to work pasture cattle. His structure should allow him to work hard all day and play well too!

öTwisterö will never be big but he is super shapey His full brother has a successful roping career in Junior Rodeo in Arizona. This colt is really easy to handle and should make a great kids horse after some more wet saddle blankets. His pedigree guarantees he has lots of cow and he has already shown us that he has lots of heart. By sale time he will have been used in the feed yard and pasture and will be ready to go to work for you.

õLarkõ is a unique smokey Palomino color and her 1st foal was a smokey buckskin. We hate to sell this thick boned, easy keeper but we need to cut back. Hereõs your chance to add an extra nice mare to your band. We sell her exposed to our stud Bear and wedl preg check her before sale day. We would be interested in buying her baby back next spring.

Fina has a very soft mouth and sides and is eager to please. She learns extremely fast. She is athletic and has a smooth jog/trot so you will be comfortable on her all day. She has lots of bone and will never be tall but should finish nice and wide like her dam. She is bred to work cattle and be easy to get along with at work or play. She is the kind of horse that will really be a partner to someone who appreciates her kind of horse.

õAmigoõ is shapey and has a great personality. We have kept two of his older sisters as broodmares so we can confidently say he has lots of potential. He will be really cowy and athletic. Ali rode his mom before she was a broodmare and she was extremely smooth. He will be one of the best geldings in your string.

Morning Ranch

Keep plenty of good hay in the barn and you'll find it's a fact that a smart horse never forgets the way home.

Lena is a really quick learner and will get along with anyone. She loves to be groomed and loved on and will follow you anywhere. She walks out nicely and is very attentive to the rider. She would be a great pet for a young girl but would also do well working cattle for anyone that wants a willing partner. Her pedigree says she'll be cowy and she has demonstrated that she is quick and athletic already. From pasture trails to the show pen this horse wants you to be happy.
