This horse has been to the feedlot, used on the ranch and used to pick-up bucking horses at many rodeos. He is really cowy and has roped cattle outside. He is as wide as he is tall and looks like he could drag a barn. Take him home and he will do whatever you need.

Ernie is a golden palomino with lots of shape. He has a great attitude and has been used on the ranch and in the feedlot. He is really cowy and is perfect to tag calves. He will make someone a nice horse that can be rode everyday or once a year. The picture doesn't do him justice; so come take a look.

Randy Ryan raised and broke this horse to ride. We have owned him for 3 years now and he has been great to own. He has been ranched on and used to pick-up bucking horses at PRCA rodeos. Team Ropers, Team Penners, Ranchers, Trail Riders don't miss this one. Gentle for anyone to ride but has the gas to compete. We have lost the papers so he is selling grade.

*"I just got lost in thought. It was unfamiliar territory."*

One day a man passed by a farm and saw a beautiful horse. Hoping to buy the animal, he said to the farmer, "I think your horse looks pretty good, so I'll give you \$500 for him." "He doesn't look so good, and he's not for sale," the farmer said. The man insisted, "I think he looks just fine, and I'll up the price to \$1,000." "He doesn't look so good," the farmer said, "but if you want him that much, he's yours." The next day the man came back raging mad. He went up to the farmer and screamed, "You sold me a blind horse. You cheated me!" The farmer calmly replied, "I told you he didn't look so good, didn't I?"
