Madona we call her. She started out raising two colts before we broke her to ride. She was one of the best heading horses in the country. We roped off of her for 10 years, then she has been raising colts and came up open this year so I went back to riding her. She still has some years left.

Purchased from the Ryan family as a weanling. øBeggerø has been my go to horse the past four years. He is quiet, gentle and a good cow horse. Has been tracking some stars in the arena this summer.
