We are proud to offer you a good selection of quality horses. Conformation, disposition, intelligence and cow sense are what we strive for. We use our ranch horses in our daily operations and also in the arena. The kids and grandkids have won All Around Buckles in Junior Rodeos, Junior High Rodeos and High School Rodeos as well as winning Ranch Rodeo Teams. They also have qualified for State and National Junior and Senior High School Finals Rodeos and came out at the top with what we have raised and trained ourselves. We thank you for your interest and hope you like what we have to offer.

42. REDWOOD DRY DOC

John's Sal

This gorgeous roan mare has been started right, she has all the right breeding, and she is going to make someone a super nice horse. She is going to be a little catty and sassy, but that's the ones you don't want to miss out on! She has had several months of training on her, and the boys are starting to head and heel on her.

43. BUENO JACK EYED DOC

Zero's Madam

Frankie is a very well mannered, no buck, no kick kind of guy. He is downright a total sweetheart! He got started a little late in life, but believe he could go any direction, given the miles. The boys started him a couple of years ago, then he went back to the pasture due to no fault of his, just not enough hours in the day! We pulled him back out a couple months ago and he started right back in the saddle, no problems! Don't miss out on this nice gelding!

44. FRENCHIES MONEY

May 7, 2017 Bay Mare

This bay filly is easy on the eyes, and sweet to go along with it! She is bred to run barrels, but you can certainly take her any direction. All of these colts out of our stud are amazing to work with and train. Their disposition is one of a kind. Make certain you come out to see this beauty!

45. GRADE PONY

Nov 30, 2010 Buckskin Gelding

This little buckskin gelding is outstanding, and if you have seen his full sister, she can do anything calf rope, team rope, bulldog, you name it, she is one in a million and I think he will be too. Cody has started this gelding right, he has been working with him all summer. This guy is not something you are going to want to let get away!

This pretty little filly has all the right shapes and all the right breeding. She can either be added to your breeding program or make her your next barrel prospect. She is a sweetie! Don't let her get away!

Vanilla is a 2009 Dun Mare. Who has had a fair amount of pasture riding, been in the arena a little, been roped off of, heeled off of, just needs more time in the arena and she will be an amazing horse. You could take her any direction! She is a sweetheart.
